Client agrees and accepts the following:

1. Router limitation explanation:
With a standard installation we use the Mikrotik router. Wireless coverage differs from house to house depending on the layout, the thickness of the walls and obstructions. Should you require more coverage we can assist by doing a free site visit and quote you on a solution that will best fit your requirements.
2. Relocation:
Relocation fee of R632.50 is payable before installation at new address. Our equipment will be removed from the old address by Glidepath Internet. Relocating to an address where Glidepath Internet has no coverage, will be considered as a cancellation of service.
3. Cancellation
Either party may terminate the agreement after giving the other party NOTICE of 2 months prior to such termination.
4. Defaulting on subscription
This is not a pre-paid service, you must pay every month in advance, failure to pay for the service will lead to services being disconnected. You will be liable for all outstanding amounts due to Glidepath, even if the service has been disconnected.

Glidepath Internet cannot be held responsible for any 3rd party software/application or streaming services. We provide Internet, if we can prove that there is no problem with the service/speed then you must contact the relevant service provider.

Glidepath will not be held responsible for user damage/ Power surge or misuse of equipment. Example: using the router power supply as a cell phone charger.
